SUMMARIES OF MONTHLY REPORTS1974I. GENERALA. Economic Aid and Technical Assistance1. Quarterly Report on Communist-LDC Oil Activities (January-March 1974)

The USSR and the East European nations continued during the first quarter of 1974 to seek increased deliveries of oil from Middle East suppliers. Planned purchases from these nations may be scaled down, however, because of recent price hikes and increasing producer demands for cash payment rather than barter terms. Nevertheless, Communist countries continued to expand their already substantial commitments to develop national oil companies in LDCs. (No. 417, Apr 74, p. 3, S/NFD)

2. Summary of EIC R14-S28, Aid and Trade Activities of Communist Countries in Less Developed Areas of the Free World, 1973. (No. 417, Apr 74, p. 1, S/NFD)

3. New Soviet Initiatives in Fisheries Aid. Roundup on fisheries agreements concluded in 1973. (No. 418, May 74, p. 2, S/NFD)

4. Second Quarterly Report on Communist-LDC Oil Activities (April-June 1975)

5. Supplement to EIC R14-S28, 1 January-30 June 1974. (No. 420, Jul 74, p. 1, S/NFD)

6. Third Quarterly Report on Communist-LDC Petroleum Activities (July-Sep 1974)

Soviet and East European activities related to oil developments continued during the third quarter with major economic aid recipients such as Iraq, India, and Afghanistan, while support to Nigeria, Syria, and Bangladesh accelerated. Total Communist oil procurement from Middle Eastern and North African suppliers continued at a lower level than in 1973. (ER RP 74-21, Oct 74, p. 1, S/NFD)

7. Communist-LDC Oil Activities During 1974

During 1974, Communist petroleum development activity in LDCs emphasized utilization of credits already provided to 27 countries. Oil procurement activity, however, declined from 1973 levels. While East European petroleum imports from LDCs remained about the same as last year, Soviet purchases declined by about 50%. China entered the LDC petroleum market for the first time in recent years with purchases of 14,000 barrels per day from Iraq and Algeria. (ER RP 75-3, Jan 75, p. 1, S/NFD)
